

TORY'S DOG LINE

Tory Leather company was established in 1976 as a manufacturer of products for the Equestrian Industry. Because most horse people have dogs and love leather we were asked to make collars and leashes out of the same leather that we use on our horse products. Tory is one of the few manufacturers left in the United States who uses American Leather and Old World American Craftsman in the making of our collars and leashes

Martingale Collar With Brass Buckles And Dees

*A Different Approach
To Control*

1540 H MARTINGALE COLLAR WITH BRASS BUCKLE AND DEES

Sizes 16 - 26

The Martingale Collar is constructed with two loops - one around the dog's neck and one connecting the two dee rings on the main collar. The collar is to be fastened so that it is comfortable for the dog. When the leash is fastened to the dee ring on the small loop, pressure will be applied to the dog's neck when it pulls or tries to escape the collar.

This collar can be a great training tool as it is more corrective than a plain collar but not as harsh as a choke chain or other types of control collars. THE 1" WIDE LEATHER OFFERS A WIDER AREA OF PRESSURE THAN A NARROW COLLAR MAKING IT LESS LIKELY TO DAMAGE THE DOG'S NECK.

The collar size is 2" larger than the neck size.

Example: 14" Neck uses a 16" Collar

Jaeger Leash

(pronounced YEAGER)

Ideal for people who hunt with dogs,
joggers and walkers or anyone who wants a

HANDS FREE LEASH

1575 3/4" HAVANA JAEGER LEASH

ENGLISH BRIDLE LEATHER LEASH WITH BRASS SNAPS AND DEES. THERE IS A BOLT SNAP TO HOOK TO THE COLLAR AND A SMALLER SNAP ON THE OTHER END THAT WHEN HOOKED TO EITHER OF THE TWO DEES MAKES DIFFERENT USES FOR THE LEASH.

Derived from the German Jaeger (hunter) style hunting lead, our leash is Made in the U.S.A. from American English Bridle Leather with BRASS Hardware .

Different Uses For The Jaeger Leash

LONG LEASH WITH HANDLE

Using the smaller snap, hook onto the top Dee Ring and it becomes an 82" leash with a handle.

SHORTER LEASH WITH HANDLE

Using the smaller snap, hook onto the bottom Dee Ring and it becomes an 50" leash with a handle.

HANDS FREE LEASH

Using the smaller snap, hook onto the bottom Dee Ring or the center O Ring and it allows the handler to slip the leash over his head and around his shoulder to make a Hands Free leash.

TEMPORARY TIE

Snap the small snap around a tree or other object onto the center O Ring to make a temporary tie for the dog
