ABOUT THE COMPANY

TORYLEATHER@COMCAST.NET

800-326-9438

FAX 570-321-5426

Tory Leather Company was established in 1976 as a manufacturer of leather goods for the equine industry. Our products were created for the demanding needs of this particular industry, such as, strength, appearance, and durability. To maintain the high demands of the industry Tory primarily uses Wickett and Craig Leather. This leather is vegetable tanned and environmentally friendly in that it is drum dyed and filled with oils and waxes to retain its color and supple qualities. Over the years, Tory has become one of the leading strap manufacturers in both the equine and fashion industry due to the look and feel of this leather.

Tory Leather is one of the few manufacturers left in the United States who uses American Tanned Leather and Old World American Craftsman in the making of our products. We are trying to do all we can to promote the MADE IN THE U.S.A factor and the "GREEN" environmentally friendly quality of our products, we feel that this is extremely helpful to our dealers in reaching out to more consumers.

GETTING THE RIGHT SIZE BELT WHEN YOU CAN'T TRY IT ON

USING A BELT THAT FITS TO OBTAIN THE SIZE YOU WANT

- If you have a belt that fits the way you like, use it to determine the size that you need
- Lay the belt flat and measure the distance in inches from the hole that you are using to where the belt folds around the buckle

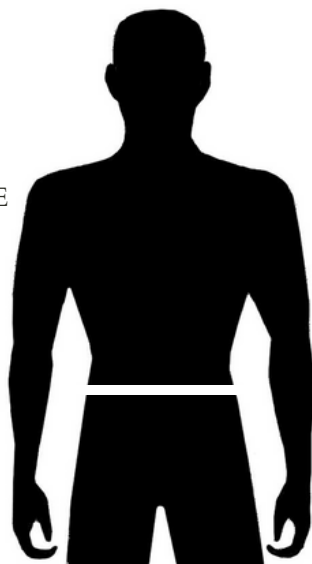

This number is your correct belt size. If the measurement number is an odd size, order the next even size.

(if your belt measures a 31 order a 32)

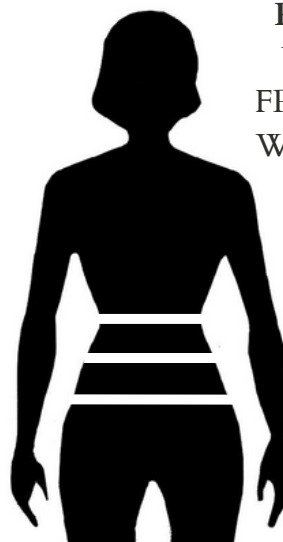

IF YOU DON'T HAVE A BELT THAT FITS

1. Measure your waist. This is most accurate by actually running the tape measure through your belt loops. A soft tape measure works best but any tape measure will work.
2. Make sure to measure at the waist level you intend to wear the belt.
3. This number is your correct belt size. If the measurement is an odd size, order the next even size. (if you measure a 31, order a size 32 belt).

**Additional Size Check
FOR MEN ONLY
ORDER A BELT THAT IS
2 INCHES LARGER
THAN YOUR PANTS SIZE**

**REMINDER FOR WOMEN
USE THE MEASUREMENT
FROM THE LEVEL ON YOUR
WAIST THAT YOU PLAN TO
WEAR THE BELT**

Tory's Core Values

Integrity in Manufacturing – We make every effort to source our leather, hardware, and raw materials from quality driven enterprises. When constructing our products, we strive to have the mindset that we ourselves would be proud to own and use the products we make and manufacture. If we find or create a defect that is beyond the natural beauty and difference that occurs in leather, we want to hold ourselves to the highest standard of refinement.

Loyalty to our Customers – We have a wide variety of customers, both in location and business sectors. We want to be known as the company that can be trusted with delivery deadlines, brand reputation, and proprietary designs. Being a wholesale and private label manufacturer, our customer's success IS our success.

Passion for what We Do – At our company's core we have employees that love what they do and why they do it. Tory Leather was created due to a lack of American made, quality tack and belts. Our current owner began his love of leather at 16 working in a local leather and saddlery store. We seek to employ equestrians that actively ride and use the products they sell and believe in. We believe our strongest asset is the people we employ.

Innovation of Design or Process – In manufacturing, constant refinement of how we produce and the process by which we produce is the lifeblood of delivering quality products on time and meeting the expectation of perfection. The ability to collaborate with our customers and contemporaries has proven to be the best source of education in this very specialized industry.

Impact on our Environment and Society – The majority of the leather that we use in our products are tanned in the "Vegetable Tanning" method. It's an environmentally friendly process and ultimately results in leather that gets better with age, developing a patina that is beautiful as well as durable. A lesser known aspect of our company is that we employ a large number of Amish Craftsmen and women. We take pride in partnering with these employees and have had generations of families that have helped build our company from the ground up. This unique partnership has allowed Amish family businesses to thrive alongside of Tory for more than 40 years.

Service to our Community and Others – We subscribe to a philosophy of generosity. Giving back to the community has always been a priority. We enjoy giving back to the 4H community, therapeutic riding facilities, and local and national nonprofits.

President and Owner *Benjamin Meckbach*
